About Us

Caribbean Cookie Company is a third generation family-owned business based in the Dominican Republic. Our company was born in 1999, with the expansion of our parent company Molinos del Higuamo which processed wheat into refined flour products. Given the nature of our original business, we ventured into the cookie business with great success.

Production

State of the art Facility

Our company invested in state-of-the-art equipment and technology, purchasing a Vuurslag (Haas-Meincke) Danish original production line with capacity of 750-1000 kg/h of finished product. Moreover, our SPS packaging line processes 350 units per minute.

We can manufacture private label or Bisket brand cookies. We are able to plan and coordinate international shipment of your goods ensuring that your shipments are in compliance with laws and regulations governing the export industry.
